WARM-UP AREA

Groups may use the field or any available place on campus for warm-up. All groups should face away from the stadium during warm-up. Bands that interfere with a performing competing unit may be penalized at the discretion of the head judge. Please do not warm up in the bus parking area. All uniform changing must be done in or around your vehicles. The girls/boys locker rooms will not be available, so please make the proper arrangements for your group.

The final staging area for field units is outside the track fence on the east side of the stadium (through the field area). The staging area for front ensembles is on the west side of the stadium. All field equipment and crew should be ready 15 minutes before your performance. Your assigned hosts can help guide you to the correct staging areas, but you are ultimately responsible for making sure your group arrives at the proper time.

We request that all performing units sit on the visitor's side following their performance. Helpers will be available to guide you to your group's assigned seating area.
